

PRIZE STOCK LOST IN SUBURBAN FIRE

Fire Fiends Busy at Home
of C. W. Deming Near
Fairgrounds.

Every Breathing Thing on
Place Cremated, Save
the Owners.

Every breathing thing at the suburban home of Mr. and Mrs. C. W. Deming, one mile north of the fairgrounds, was burned to death early Monday morning when fire, supposed to be of incendiary origin, destroyed the barn and its contents, including much valuable live stock and several pets.

The fire was discovered at 3:30 o'clock a. m., and in a very short time had enveloped the entire barn. Twenty-five head of cows, yearlings and calves were burned to death, as well as one horse, one hundred chickens and ducks and some pet cats and dogs. All took harness and wagon and livery and a quantity of feed were a total loss.

The stock burned was a noted herd of Jersey that included some prize winners. As most of the stock had been secured by the owners and were pet animals, the shock of their fate overshadowed the financial loss involved, which was complete, as no insurance was carried.

Real Estate.

Announcement was made yesterday that R. M. McFarlin of the McLean Oil company had purchased the lot at the northeast corner of Fifth and Main. The consideration was \$38,000. He bought the property from G. C. Stebbins and L. L. Hutcheson.

This moves the scene of downtown realty operations one block farther south. All of the vacant property in the vicinity of Fourth and Main has changed hands in the past thirty days. Mr. McFarlin recently bought a corner of the old high school block at Fourth and Boston, paying \$50,000 for it. JITNEYS DECREASE THE RAILWAY FARES

Tulsa Company Reports the
Number of Transfers
Was Increased.

The increased number of automobiles and the "jitneys" were responsible for a decrease of 10 per cent in the earnings of the Tulsa Street Railway company during 1915, according to a statement made by Superintendent M. McGrath yesterday. There was an increase of 8 per cent in the number of transfers issued, despite the fact that the earnings were less. Figures show that 285,473 passengers were issued transfers during the year. If such of these were figured at five cents each the total amount would be \$14,273.65. McGrath declared that the ever-increasing number of automobiles and the jitney service is directly responsible for the falling off in receipts. "We have plenty of cars at present and I do not believe we will have to purchase any equipment this year," he declared.

TURPIN INTENDS TO GIVE HEALTH THEORIES HERE

FAMOUS TANLAC MAN PROMISES
TO GIVE TULSA BENEFIT OF
HIS ORIGINAL STUDIES.

As was forecasted in yesterday's papers, Mr. W. J. Turpin, who has attracted much widespread interest in the east and middle west with his health views and the celebrated Master Medicine, Tanlac, has decided to visit Tulsa, and will arrive here probably today or tomorrow. Mr. Turpin's private secretary is now in the city, and speaking of Mr. Turpin's coming visit yesterday said prominent business men and doctors of Tulsa and other cities of the southwest have for some time been anxious to have Mr. Turpin visit here and give the people of your city the benefit of his very sensible views, as he has those of the east, where he has helped hundreds of thousands in that great section. Yielding to these requests, Mr. Turpin has decided to come here and to prove to everyone how easy it is to guard against the threats of ill health by hygienic living and modern treatment.

He contends that catarrhal affections of the head, nose, throat and stomach finally produce a direct result on the vital organs and that nine times out of ten this condition is at the bottom of the ill-health of so many present-day Americans. Though Mr. Turpin's secretary would not state positively that an exclusive Tulsa agency for Tanlac had been awarded, he indicated that an interesting announcement along this line might be made tomorrow.—Adv.

SANDERSON'S CASE TO DANIEL'S COURT

Though Grand Jury Failed
to Act Lesser Tribunal
May.

Although the grand jury failed to indict C. A. Sanderson for his alleged attack on Assistant City Attorney John Woodward, County Attorney J. D. Crisswell will prosecute for assault in the court of Lee Daniel, justice of the peace. The case has been set for Friday morning.

Woodward has returned from Nashville, Tenn., where he had been since the alleged assault. He is in very poor health and is suffering partial paralysis of his arm. The attack on Woodward took place in Sanderson's office when the attorney went there to talk over a pending proposition in Burna Vista addition.

Judge Daniel has an unusually heavy docket set for Friday and will try to finish other cases besides the Sanderson case. Sanderson is charged with assault with intent to kill.

Osage Indians to Carry Fight Up to Congress

(Continued from Page One)

the Osages are determined to deal directly with him, and prior to coming here the council adopted a resolution requesting Secretary Lane to rescind that part of the original resolution limiting revenues to 4,500 acres. The council insists it was deceived as to the effect of this clause, in that it was not known that restriction would prevent Barnsdall from doing any more drilling. Although Secretary Lane refused to see council members today, it will be pointed out to him that by giving acreage to those who drilled to wells, while turning down Barnsdall, who has expended millions in developing their property, a great injustice was done the Osages because royalties are derived from production.

For Rheumatism.

As soon as an attack of Rheumatism begins apply Sloan's Liniment. Don't waste time and suffer unnecessary agony. A few drops of Sloan's Liniment on the affected parts is all you need. The pain goes at once. A grateful sufferer writes:—"I was suffering for three weeks with Chronic Rheumatism and Stiff Neck, although I tried many medicines, they failed, and I was under the care of a doctor. Fortunately I heard of Sloan's Liniment and after using it three or four days am up and well. I am employed at the largest department store in S. F. where they employ from six to eight hundred hands, and they surely will hear all about Sloan's Liniment.—H. B. Smith, San Francisco, Cal.—Jan. 1915." At all Druggists.—Adv.

AT THE THEATERS

GRAND.

"It Pays to Advertise" coming soon to the Grand opera house for two performances, matinee and night. One of the best plays that the local public may expect this season bears the title of "It Pays to Advertise," and Cohan & Harris, the big theatrical managers, reckon it as one of their best successes. Every newspaper publisher and every town knows the man who does not believe in advertising. Cohan & Harris' play shows what success comes to the man who does advertise, and the fact is so cleverly interwoven in this play that laughter has no limit as Cohan & Harris' own actors after the story with Cohan & Harris' own production. The local date is near at hand.
